

Mutual Funds' Ratings

Pioneer in the research and rating of China's mutual funds.

Every month some 7,000+ funds are rated in accordance to our proprietary methodology and fund managers' evaluation which include one's resiliency and management in the midst of market volatilities. The rating include equity, bond and all other hybrid funds.

CK started research and news reporting on China's mutual funds since 2003.

As of Dec 2020, China's mutual funds' AUM (including ETFs) size has doubled in 2 years to over USD 3 trillion.
